

# **CAUTION!**

## ***Valair Quiet Dual Disc***

***It is very important to handle the center plate for this clutch with care. If any of the metal straps get bent or damaged the clutch WILL NOT WORK!***

### **Center plate installation instructions**

***1. Once you have the flywheel and FW disc installed. Fit the Center plate into the flywheel lining up the paint marks. APPLY RED LOCTITE TO THE THREADS OF THE 8 SUPPLIED BOLTS AND TORQUE TO 24 FT LBS!***

***2. Check the flywheel disc it should spin freely between the flywheel and center plate.***

***3. Install pressure plate and finish installation per our check list.***
